Petition for Review and Cross-Petition for Enforcement
of an Order of the National Labor Relations Board
(NLRB 15-CA-12067)

(May 9, 1994)

Before POLITZ, Chief Judge, DAVIS and WIENER, Circuit Judges.

PER CURIAM:*

This matter is before us on the petition for review filed by Beech Aerospace Services, Inc., and the cross-petition of the National Labor Relations Board for enforcement of its order. Albeit mindful of what appears to be inconsistent Board precedents, we are also mindful of the controlling rubric that the

*Local Rule 47.5 provides: "The publication of opinions that have no precedential value and merely decide particular cases on the basis of well-settled principles of law imposes needless expense on the public and burdens on the legal profession." Pursuant to that Rule, the Court has determined that this opinion should not be published.

determinations of the Board must be upheld if supported by substantial evidence on the record considered as a whole. The record before us clearly contains such evidence. Accordingly, the petition for review is DENIED and the order of the Board is ENFORCED.
